

SET ONE
KAMSSA PRE REGISTRATION EXAMINATIONS 2025
Uganda Certificate of Education
PRINCIPLES AND PRACTICES OF AGRICULTURE
Paper 2
Practical
Time: 2 Hours

INSTRUTION

- Attempt all items in the space provided.

ITEM 1

Mr. Katando own a piece of land in Katagurenda village, where he has been growing different cash crops. He was advised to concentrate in growing of beans because their prices are always increasing: soil samples A and B were obtained from different parts of his land taken to the laboratory for analysis. (Beans requires soils which are well drained)

Task

Advise Mr Katando on which soil samples should use to plant his beans.

ITEM 2

Mr Bandarata rears cattle, sheep and rabbits on his farm. His business is very prominent and the neighbor likes his work within the village. He was called by the neighbor to observe how bulls are slaughtered at his place. He obtained specimen X from his slaughtered bull for further examinations.

Task

- (a) Observe the specimen X and identify the conditions and major cause of the conditions
- (b) How can the above conditions be improved for better consumption.
